Mr. Swift called the meeting to order at 2:06 p.m. Dr. Ripple then thanked the Mayors for attending today's meeting. He then summarized the 2014-2015 Regional Planning Commission budget stating that there is no major capital outlay requested, and the request for \$287,000.00 from city and county was same request as last year's budget. He then stated that the MPO money for transportation planning consulting studies was nearly the same as last year dropping by \$865.00 to \$15,499.00. He noted that the RPC was able to achieve a balanced budget with similar cash flow revenue to last year without additional funding from the City and County because the required contribution to the Tennessee Retirement System was significantly reduced and because the capital outlay was significantly reduced. Dr. Ripple stated that the capital outlay of \$27,000 last year for a new phone system, security cameras
